ASSET MANAGEMENT NEWS

Special Edition, October 2020

Equipment Market Trends

Welcome to this special edition of the Alta Asset Management Newsletter. You will find some of the market changes obvious while others may surprise you. Interest in equipment valuations is strong in almost all areas. Remarketing also remains robust, especially for rail, transportation, and container assets. Additionally, litigation support is strong and growing.

As we approach 2021, this newsletter will serve as prologue to my *What's Hot and What's Not in Equipment Leasing for 2021* that will be published by the ELFA in February.

Scores range from a possible (+) (very good), to (+/-) (average), to (-) (poor).

Please let me know if we can assist you with any of your equipment needs. On behalf of the staff and management of The Alta Group, LLC, I wish you an improved fourth quarter and sustained recovery in 2021.
